

VANTAGE PRODUCT DEVELOPMENT LLC CAPABILITY STATEMENT

Company Overview Vantage Product Development LLC is a minority-owned mechanical engineering and precision manufacturing firm specializing in rail, transit, and heavy fleet programs. We bridge the gap between legacy transportation systems and modern manufacturing by delivering critical hardware strictly on time. By controlling the entire lifecycle—from advanced CAD/FEA simulation to in-house CNC machining—we prevent costly late-stage redesigns, bypass OEM delays, and keep transit projects moving on schedule.

Core Competencies

- **Advanced Mechanical Engineering:** Electromechanical interface design, structural simulation, and thermal architecture optimization.
- **Legacy Fleet Sustainment:** High-fidelity 3D scanning and reverse-engineering of obsolete or hard-to-source aftermarket components.
- **Precision Fabrication:** In-house CNC milling and turning (Mastercam-driven), enabling agile transitions from prototype to production.
- **Rapid Prototyping:** Turnkey short-run manufacturing in ABS plastics and machined aluminum.
- **Design Validation:** Utilizing SOLIDWORKS Simulation for Finite Element Analysis (FEA) and Computational Fluid Dynamics (CFD).

Key Deliverables

- Precision structural bracketry and locators designed for optimal load distribution and vibration resistance.
- Robust, custom-fabricated sheet metal equipment enclosures for sensitive electromechanical systems and transit telematics.
- Rapid-turn aftermarket sheet metal components and structural reinforcements to support active maintenance cycles.

Differentiators

- **Integrated Engineering & Manufacturing:** Operating as both a specialized mechanical engineering firm and a precision machine shop, we eliminate the disconnect between design and fabrication.
- **Agile Risk Mitigation:** We eliminate bottlenecks in large-scale prime contracts by providing rapid turnarounds on specialized transit hardware.
- **Diversity Alignment:** Partnering with us helps agencies and prime contractors satisfy socio-economic and diversity spending goals while securing top-tier technical execution.

Company Data

- **Legal Business Name:** Vantage Product Development LLC
- **Ownership Structure:** 100% Minority-Owned (Hispanic American) / Sole Proprietor
- **Socio-Economic Certifications:** DBE Certified (Pending LA Metro Receipt/Approval)
- **Location:** Escondido, California (San Diego County)
- **Primary NAICS Code:** 541330 (Engineering Services)
- **Secondary NAICS Codes:** 332710 (Machine Shops), 332999 (All Other Miscellaneous Fabricated Metal Product Manufacturing), 423490 (Other Professional Equipment and Supplies Merchant Wholesalers), 423690 (Other Electronic Parts and Equipment Merchant Wholesalers)
- **Federal Tax ID (EIN):** Available upon request / NDA

Contact Information

- **Point of Contact:** Luis Gallardo, Founder & President
- **Email:** info@vantage-pd.com
- **Phone:** 619-786-6336
